

BROWNSTOWN CENTRAL HIGH SCHOOL

ATHLETIC DEPARTMENT

Revised 4/20/18

Welcome parents and student-athletes of Brownstown Central High School. The school is very happy to have your sons and/or daughters participating in athletics at Brownstown Central. We believe that interscholastic athletics are integral part of the school's curriculum. We believe that participation in a sound athletic program contributes to the development of health, physical skills, emotional maturity, social competence, moral values and self-discipline.

As a student of Brownstown Central, the school welcomes your participation in our athletic program. We encourage each of our athletes to reap from athletics all it might have to offer. Since the rewards that you will receive from an athletic program correlate directly with what you, the athlete, are willing to give of yourself to that program, then it is certainly worth giving your all. No athlete has ever experienced total satisfaction without living with the concepts of discipline and sacrifice. These two concepts will be offered to you during the coming seasons. This year and in the future, you will be challenged to become a more disciplined individual and will be asked to make sacrificed for something in which you profess to believe. We hope that you will find the Brownstown Central High School athletic program as a totally rewarding experience, but we again emphasize that you will acquire only what you are willing to invest.

As a member of one of our athletic teams, you are a part of a program that has become a proud tradition here at BCHS. It is our sincere desire to be of assistance to each of you in any manner we can. Please feel free to discuss your problems or frustrations with our principal or any member of our athletic staff.

RANDOM DRUG TESTING PROGRAM

It is mandatory that each student who participates in extracurricular or co-curricular activities, as well as those who drive to and from school activities or park on school grounds, sign and return the "Consent Form" prior to participation in any extracurricular or co-curricular activity, or driving to or from school. Failure to comply will result in non-participation. Board Policy 5683-Student Random Drug Testing and administrative guidelines and procedures are available at the high school, middle school, and their respective websites.

THE CODE OF THE BRAVES

We believe that adherence to training rules is the duty of each squad member.

We believe the athlete has an influence on younger students and should be a positive role model both on and off the playing field.

We believe that personal pride should be derived from giving one's best as an athlete and student.

We believe competition should produce goodwill among schools and each player has the duty to promote that feeling.

We believe the success of any organization depends upon the dedication of its individual members.

We believe that due to the athlete's high prestige in the community, his or her actions must be beyond reproach.

We believe the student always places emphasis on academics first and athletics second.

IHSAA ELIGIBILITY

1. **Physical Exams:** Each participant must have the Indiana High School Athletic Association Students/Parents/Physician Certificate on file with the athletic director before his/her first practice.

2. **Medical Coverage:** Student Accident Insurance paid by parents or a waiver signed by parents stating that the student is adequately insured must be on file with the athletic director before the first practice. The high school does not carry medical insurance on athletes. Through school membership in the IHSAA, the athlete is covered by a basic catastrophic policy. If the injured athlete incurs over \$25,000.00 in medical expenses within one year of injury and a claim is reported in writing to the athletic director, the policy is activated.

3. **Age:** A student who is or shall be 20 years of age prior to or on the scheduled date of the IHSAA state finals in a sport shall be ineligible for interschool athletic competition in that sport. A student who is 19 years of age on the scheduled date of the IHSAA state finals shall be eligible as to age for interschool competition in that sport.

4. **Enrollment-Scholarship:** All participants must be bona fide students. To be eligible scholastically, students must have received passing grades at the end of their last grading period in school in at least 70% of the maximum number of full credit subjects (or the equivalent) that a student can take and must be currently enrolled in at least 70% of the maximum number of full credit subjects (or the equivalent) that a student can take. For the BCHS trimester grading periods, students must pass a minimum of 4 full credit subjects.

5. **Amateurism:** All athletes must be amateurs. (Students shall not play under assumed names nor accept money or merchandise, directly or indirectly, for athletic participation.)

6. **Outside Participation:** A student who participates in an athletic contest of any other similar team during that same season in which the athlete represents his/her school will become ineligible to compete on his/her high school team in that sport.

7. **Completion of Season:** If an athlete quits or is suspended for disciplinary action, he/she cannot practice for another sport until the final contest of that sport season, unless released by the coach.

Cheerleading is NOT recognized as an IHSAA sport

CHEMICAL ABUSE POLICY AND CRIMINAL ACTIVITY POLICY

TYPES OF VIOLATIONS PENALTIES

A. Convicted of a felony.

1st Violation: Expulsion from participating in athletic events for the remainder of the athlete's high school career

B. Illegal possession, illegal use or a positive result on a random drug test for a controlled substance, narcotic drug or alcohol.

1st Violation: Suspended from participating in all athletic events for 365 days

Option: The suspension may be waived to 50% of the contest season, contingent upon a professional drug assessment and recommendations for rehabilitation, which must be followed by the student. All concerned parties understand that the student's re-admission to athletics is dependent upon the student following the recommendations of the assessment agency.

2nd Violation: Expulsion from participating in athletic events for the remainder of the athlete's high school career

Option: The expulsion may be reduced to a 365 day suspension contingent upon a professional drug assessment and recommendations for rehabilitation, which must be followed by the student. All concerned parties understand that the student's re-admission to athletics is dependent upon the student following the recommendations of the assessment agency.

3rd Violation: Expulsion from participating in athletic events for the remainder of the athlete's high school career

C. Illegal possession or illegal use of tobacco or e-cigarettes or convicted of a misdemeanor.

1st Violation: Suspension from 25% of the contest season

2nd Violation: Suspension from 50% of the contest season

3rd Violation: Expulsion from participating in athletic events for the remainder of the athlete's high school career

*Suspension shall be whole games with all fractions rounded to the next whole number. Penalties will be enforced on consecutive games played from the date of the suspension. Contest season includes all contests originally scheduled and one (1) sectional game.

DEFINITIONS

- The Chemical Abuse policy and Criminal Activity policy is in effect for the entire calendar year, beginning the first day of practice as determined by the IHSAA, or the first day of school the athlete's freshman year.
- All suspensions must be completed in full. If the athlete's season ends before the suspension is complete, the remaining percentage will be served in the athlete's next season of participation.
- Penalties in this policy are cumulative. Thus, the student will maintain his/her record through all four high school years and subsequently, violations will be disciplined at the next level.
- All categories A, B, or C will be processed separately.
- The enactment of the above mentioned rules and penalties will be administered by the athletic director based on the following guidelines.

- Admission of the athlete.
- Observation and confirmation by administrator, faculty members, athletic staff or member of law enforcement.
- Charges established by law enforcement officers or agencies.
